

Michelle & Kady

Hello, we are Michelle and Kady. We are both teachers, have a supportive group of caring family and friends around us, and have built a wonderful life together. We are kind, empathetic, open minded, hardworking, patient, and fun people with a lot of love to give. Thank you for considering us for this very special privilege.

Our Story

We met at the University of British Columbia in 2010. We had an amazing friendship, fell in love, and built a wonderful life together. Upon graduation, we began our careers as high school teachers and got married in 2012. We have enjoyed building a successful real estate business, travelling to many places, and making memories with family and friends. We want to become parents through adoption and are ready to grow our family and share these joys with a child.

Our Home and Neighbourhood

Our home is a new, three storey house with 4 bedrooms and 4 bathrooms. There is a two-car garage, back yard, and patio area too. We also have a lakeside vacation home being built with a pool and beach and look forward to making lots of fun memories there together.

We live in a quiet, safe neighbourhood, surrounded by parks, fields, beaches, and forest trails. There is a playground right at the end of our road and we are a short walk or drive from the community centre, library, schools, stores, shopping, ice cream shop, and restaurants.

Family & Friends

We have a really strong connection with our extended family and friends. They are excited to support us as parents and be loving grandparents, aunts, uncles, and cousins. We all love spending time together on vacations, holidays, and birthdays and we are close with our nieces and goddaughter.

Our Promise to You

We are committed to maintaining a loving, joyful, and supportive home environment for your child. They will be treasured and adored, and we will be strong and positive role models for them throughout their life. As they get older, we will create a safe place where they feel confident to be themselves, share their feelings, and enjoy childhood to the fullest. We will ensure that they feel pride in who they are and where they came from. We will fully embrace and support whatever decision you make for your involvement in their life. Thank you for taking the time to learn about us and consider us as an adoptive family for your child.

With love, Michelle & Kady
