

Ariana & Todd

ABOUT US

Hi, we're Ariana and Todd. At home in the East Kootenay's, nature is at the heart of our lives. Our weekends are spent hiking, camping, hunting, and skiing. On our acreage, we enjoy our garden, chickens, pigs, dogs and cat. We built our house and have many ongoing projects like landscaping and building a shop. We are grateful for our healthy, active lifestyle and dream of sharing these experiences with a child.

Todd is a Professional Forester and Ariana is a Professional Biologist. We are passionate about our jobs, and enjoy all the time off that our steady careers offer us.

In our alone time, Ariana enjoys yoga, reading, baking, and crafting while Todd likes tinkering on machines, building stuff for the house, riding his motorbike, and planning our adventures.

OUR LIFE

We've been together for 12 years, married for 8. Adoption is our first choice to build a family and our child would become the center of our world. We believe in kinship, in becoming a family through the bonds we create and the love we share. Our greatest gift to our child would be our unconditional love and our passion for nature.

FAMILY

We are close with our families and they are very important to us. Our child would be surrounded by love and acceptance. Our niece and nephew would be excited to have a cousin to play with! Our niece and nephew bring us so much joy. With the kids, we get glimpses of parenthood. Ariana is patient, kind, and keen to listen. Todd is playful, loving, and encouraging.

Thank you

for looking at our profile.
We wish you all the best.

Sincerely,
Ariana & Todd
